WORK

2015–2020
Freelance Motion Graphics Designer
Working independently, I used Adobe After Effects, Premiere, Illustrator and Photoshop software, to create a variety of motion graphics and animations for clients; following project briefs and brand guidelines provided by advertising agencies and production studios.

SELECTED CLIENTS

Ericsson
Title graphics for Ericsson films exhibited at the Mobile World Congress 2016.
Animations for digital signage and large-format video displays on the event floors.

ABB
Motion graphic films for detailing ABB smart home and building technologies.

First Abu Dhabi Bank
Branded motion graphics films for presentation at the Global Financial Markets
Forum hosted by First Abu Dhabi Bank.

EXPO 2020
Animated digital signage for the Youth Connect forums at EXPO 2020 Dubai;
including event maps and schedules.
Title graphics and stings for use in Youth Connect branded films.

2006–2015
Key Holder, Minilab Operator and Sales Assistant
Clives Cameras, Trowbridge.
As a Kodak Express franchise, Clives Cameras provided me with the opportunity to perform
both customer-facing retail duties and back-office roles specific to the photographic sector
such as:

Opening / closing the store, banking, stock ordering, general sales and customer service.
Film and digital image processing, digital photo restoration, and in-house graphic design.
Operating various print systems such as Noritsu and Kodak minilabs, and Epson large
format printers. Diagnosing faults in camera equipment, raising repair orders, Photography
and printing for VISA, ID and Passport photographs.
